GLOBAL TECH SOLUTIONS VN

Standard Operating Procedure (SOP) Doc ID: POL-ORD-2026

Department: Legal & Operations **Effective Date:** January 1, 2026 **Status:** PUBLISHED

This document outlines the official corporate policies governing all B2B and B2C commercial transactions, including purchase order lifecycle management, fulfillment timelines, return conditions, and refund procedures. All staff must adhere strictly to these guidelines when responding to customer queries or processing systemic exceptions.

Quick Reference SLA

Category	Policy Threshold	Applicable Status
Order Cancellation	Prior to Fulfillment processing	`DRAFT`, `PENDING_PAYMENT`
Defective Returns	Within 7 days of verified delivery	`DELIVERED`
Refund Processing	3 - 5 business days	`CANCELLED` or Verified Return

1. Order Cancellation Policy

`POL-CANC-01` Standard Order Cancellation

Customers can cancel their orders without any penalty if the order status is currently in **DRAFT** or **PENDING_PAYMENT**. Once an order status progresses to **PAID** or **FULFILLED**, it can no longer be canceled through the automated self-service system, and the customer must contact the operations support team. Cancelled orders will reflect a 'CANCELLED' status in the database, and no physical items will be shipped.

`POL-CANC-02` Cancellation Due to Delayed Delivery

Time is of the essence in all corporate contracts. If delivery is not executed within the specified estimated delivery date, the Buyer reserves the right to cancel the order without liability and to purchase elsewhere. The Seller (Global Tech Solutions VN) will be held liable for any additional procurement costs incurred due to the cancellation.

2. Returns Policy

`POL-RET-01` General Defective Goods

All items are subject to final inspection and acceptance at the Buyer's destination. Defective, damaged, or broken goods discovered upon physical inspection may be returned at the Seller's expense. Customers must submit photographic evidence of the defect within 7 days of the delivery date to qualify for a return authorization.

POL-RET-02 Return of Electronics and Furniture

High-value items strictly falling under the *Electronics* and *Furniture* product categories (e.g., Monitors, Keyboards, Standing Desks) can only be returned if they remain in their original, unopened packaging, unless they are proven to be mechanically or structurally defective upon arrival. A 10% restocking fee applies to all non-defective, buyer's-remorse returns of items within these specific categories.

3. Refunds Policy

> ### POL-REF-01 Refund Rule for Damaged Goods
>
> Customers can request a full refund within 7 days of delivery if the items arrive damaged, defective, or broken, provided the request is accompanied by clear photographic evidence. Refunds will be processed back to the original payment method within 3 to 5 business days after the returned item is received and physically inspected at our warehouse.

POL-REF-02 Refunds for Canceled Orders

If an order is successfully canceled before it reaches the **FULFILLED** status, a full automated refund of the Grand Total (inclusive of applied taxes and subtracting any applied discounts) will be issued automatically by the billing system. All financial refunds are processed strictly in VND currency.

4. Shipping & Fulfillment

POL-SHIP-01 Standard Delivery Timelines

Orders are typically picked, packed, and handed over to designated 3PL carriers (including Viettel Post, GHTK, GHN, or J&T Express) within 24 hours of successful payment confirmation. Standard transit time ranges from 3 to 5 business days depending on the customer's geographic zone (e.g., Ha Noi, Da Nang, Ho Chi Minh City). The shipment status will display as 'IN_TRANSIT' until confirmed as 'DELIVERED' via the carrier API.

POL-SHIP-02 Fulfillment Definition

An order is officially marked as **FULFILLED** only when all corresponding items in the order lines have been successfully packed and physically handed over to the logistics carrier. Upon fulfillment, a tracking number is permanently attached to the shipment record.

5. Payment & Warranty

POL-PAY-01 Payment Terms

Commercial invoices must bear the exact Purchase Order number assigned by the system. Payment terms are strictly Net 30 days after the receipt of goods or the issuance of a valid tax invoice, whichever occurs later.

POL-WARR-01 Product Warranty

Global Tech Solutions VN warrants that all goods supplied will conform strictly to the published specifications, drawings, and sample descriptions. All goods must be of commercial-grade material and workmanship and entirely free from manufacturing defects.
